(C) PolOffs delivered reftel demarche to MFA Policy Officer Hedda Samson on June 22. Samson confirmed to PolMilOff on July 6 that the GONL had no objection to the USG sharing the information contained ref A with key countries that have indicated their support for PSI. Samson added that the GONL was interested in which countries the U.S. considered "key" beyond those cited ref A. In addition, she asked whether the USG planned to share the information in the name of the Core Group or rather as the USG, acting with the Core Group's concurrence. Samson noted that the GONL had been approached by various countries, including Sweden and Russia, which had asked for a details on the PSI. She said that the GONL had confined itself to describing certain measures it was taking as part of its support for PSI.
